This will be shown.User ID is blank and Password shown by several stars though we had kept it blank.It is displayed automatically. Please ignore it.

Please wait.

ITS CONNECTED...You can now open any internet site. Earlier the Status was showing disconnected(Red arrow).Now its connected and Connect button(Green arrow) will change to red and Disconnect. (Please see the right bottom corner of your screen).

!4.00 (~) 🖓 🖓 🖓 🖉 🖗 📲 連

Its wonderful world of internet via B.S.N.L. GPRS.For knowledge click on LAN icon (two computers) in the right bottom corner.Received Bytes should be greater than sent and Errors should be 0.It is advisable to disable the other LAN connection if any you are

using.

To eject USB cable click on symbol(Red arrow) then click on OK and disconnect the cable.

For the next time connection, connect cable to mobile and computer. Click on fallback connection from your PC/Laptop and click on Dial. It will be connected. Now you can browse any internet site.
